

THE SIU ADVANTAGE

The SIU Advantage is an experiential learning program designed to enhance student development and student learning throughout an individual's time at Southern Illinois University. Co-curricular Advantage Tracks have been designed to engage students in out of class experiences that are scheduled to complement their in-class learning experience.

CULTURAL COMPETENCY TRACK

is designed to connect students to experiences that will foster valuing each other's cultural and human differences as well as developing a sense of global consciousness as a member of a global population.

INTELLECTUAL & PROFESSIONAL SKILLS TRACK

is designed to help students prepare for the "real world." This track will offer students the opportunity to development in areas such as teamwork, leadership, and professional/career development.

INTRAPERSONAL & INTERPERSONAL DEVELOPMENT TRACK

is organized with the goal of connecting students at Southern Illinois University with events to strengthen interpersonal communication, self-awareness, advocacy, and personal health & wellness.

PERSONAL & SOCIAL RESPONSIBILITY TRACK

is developed specifically for students focused on learning more about themselves and how they can be a catalyst for change. The goal of the Personal & Social Responsibility Track is to utilize the student involvement experience to develop in the areas of civic engagement, sustainability, financial responsibility, ethics & integrity, and personal responsibility.
